Two thrill-seekers are embarking on a 3,000-mile trip around Europe on an ElliptiGO! cross-training bicycle to raise money for the breast cancer charity Coppa Feel. Squash Falconer, from Thulston (pictured above on the unusual machine), and Dave Cornthwaite kick off their trip at Goodison Park, the home of Everton FC, on April 30, and will pass through Derby on May 1 and 2. After leaving the UK, they will cross Holland, Germany and Switzerland before entering France.
